## St. Andrew's Guest House

**It is a quiet place for a personal retreat!**

# Let us introduce ourselves

The History of St. Andrew's goes back to 1982. It was built by the Episcopal Church in Jerusalem and the Middle East.

Our rooms have been thoughtfully designed combining contemporary decor and fabrics with antique lights to create a comfortable, stylish, and home-like ambience.

**What is special about us is our location, which is a ten-minute walk from down town.**

## Facilities and Services

Our guests have two options when it comes to accommodations; 10 newly renovated guestrooms or four dormitories that are capable of comfortably accommodating up to 44 people. Guests can also have longer stays (monthly) with special rates!
